Attention Required:
Second and Final Request for Medical Records

The Centers for Medicare and Medicaid Services (CMS) requires hospitals to send paper copies of medical record documentation for cases selected for data validation under the Hospital Outpatient Quality Data Reporting Program (HOP QDRP). Cases selected for validation may include non-Medicare and Medicare cases.

Edaptive is under contract with cms as the Clinical Data Abstraction Center (CDAC) to perform clinical data abstraction for validation; documentation for cases selected for validation by CMS is to be sent to Edaptive

The original request for medical records was delivered approximately 30 days ago. As of the date of this notice, Edaptive has not received the requested records. As stated in our original request, requested records not received by Edaptive within 45 calendar days of the original request are not eligible for validation and will not be abstracted. Failure to submit requested records for abstraction and validation for receipt by Edaptive within 45 calendar days of the original request under CMS' initial HOP QDRP validation may result in the hospital failing this program requirement.

To avoid ineligibility for validation and abstraction of medical records due to late or non-submission, the medical records requested from your hospital must be RECEIVED by Edaptive within 45 calendar days of the initial request.

Submission extensions beyond the 45 calendar day deadline are not allowed.

Please send the requested outpatient medical records to Edaptive. The shipment should include the original coversheet, a copy of the medical record and a copy of the original case listing. A Federal Express air bill has been provided to facilitate shipment.

If you have any questions regarding this request or if you are having problems interpreting the enclosed instructions, please contact our Operations Department, at (717) 718-1230 ext: 201. If you have any questions regarding Edaptive's role in the CMS data abstraction process, please contact FMQAI at (866) 800-8756.

Thank you for prompt attention to this matter.

If these records have been recently submitted, please disregard this notice.
